

- **One touch** run/stop function
- Permits **remote monitoring & control** connection through single data & power cable, up to 128 ft
- **Customizable** pressure and temperature warning and shutdowns
- Easy-to-read **push buttons** and a backlit LED screen

S-TSCM (for Marine Applications)

Genset Operational Displays

- | | |
|-----------------------|----------------------|
| - Oil pressure | - Operating status |
| - Coolant temperature | - AC voltage/current |
| - Battery voltage | - AC frequency |
| - Run hours | - Event log |
| - RPM | |

Programmable Alarms and Shutdowns

- | | |
|-----------------------|--------------------|
| - Overcrank | - Under voltage |
| - Coolant temperature | - Over voltage |
| - Oil pressure | - Over current |
| - DC voltage | - Under/over speed |

Dimensions (Height x Width x Depth)

Module size: 4.2 in x 6.5 in x 1.4 in
106 mm x 165 mm 35 mm

Local panel enclosure: 5.9 in x 8.3 in x 3.1 in
149 mm x 210 mm x 78 mm

Remote panel enclosure: 5.9 in x 8.3 in x 2.4 in
149 mm x 210 mm x 59 mm
